Dear SM Foundation Inc.,

For your faithful support for me these past four years, thank you very much!

When I graduated in high school, I had plans of my own. Plans of taking up Nursing and someday be like one of those aspiring workers abroad. Plans of living my life like all the other young people tasting and discovering for themselves what life really is. But when I applied and eventually got accepted in the SM Foundation Scholarship, things changed. My plans changed, and so did my whole life. And surely, it changed for the better.

And with that, I want to extend my heartfelt gratitude for all the opportunities and the aid that you have given me. God absolutely gave me a blessing in you. Last week, during our graduation, I was awarded Cum Laude, by God's grace, but I am not claiming the glory because if it wasn't for you, I wouldn't have even entered college. Again, Thank You!

The foundation for sure is yet to touch a lot of lives like what they did with mine. Please do continue to lend a hand to others who are in need like me. As the foundation's motto says "People helping people".

God bless you and more power to your office!

Forever grateful,
