Dr. Amelia A. Biglete  
Director IV  
CHED Region VII

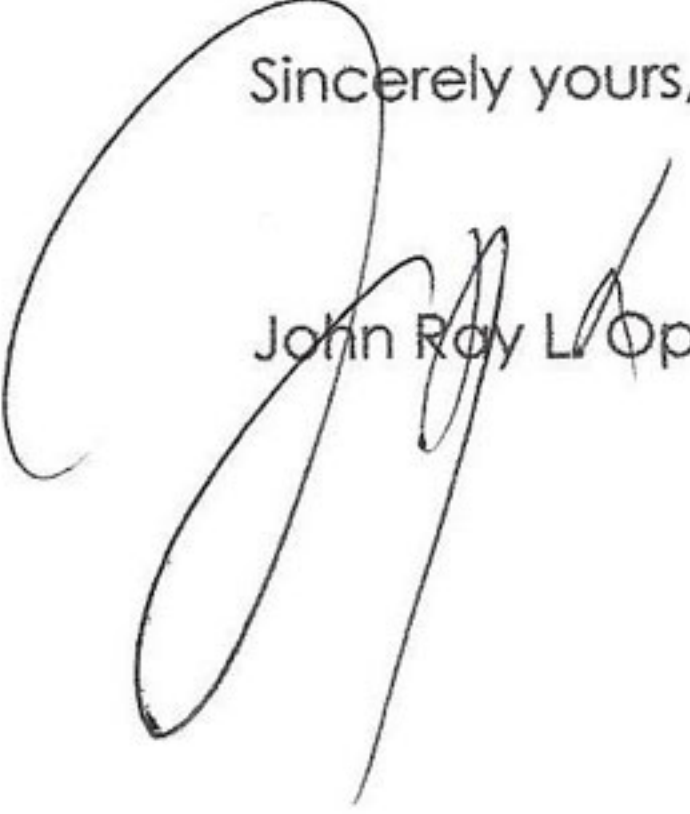

Dear Dr. Biglette:

After five years of studying in The University Of San Carlos, I owe solemn gratitude to the people who have been there for me in those years of dramatic hardships and success. For the people who never fail to lend a helping hand to support me all the way. For the success of my graduation I thank you for the support you have given to me and my family. I wish I could meet you to thank you personally for the never ending helping hand that was always there amidst the failures and success that happened. I know words couldn't express my heartfelt gratitude for the long 5 Engineering years.

May the Lord God strengthen you to help others like me to their endeavour for a college degree in USC. With my wholehearted thanks for the support you have given me and my fellow graduating scholars thank you so much.

Sincerely yours,

  
John Roy L. Opon
