

**BACHELOR OF ARTS
Anthropology**

The Program in Anthropology builds competencies for these jobs:

- Archaeologists
- Teachers
- Heritage Conservationists
- Cultural Documenters
- Researchers
- Museum Curators
- Tour Guides
- Tour Organizers
- Journalist
- Writers
- Advocates for Indigenous People and Heritage Preservation

Anthropology is the systematic study of cultures covering all human experiences (biological to social) from the distant past to the present in all places in the world.

The Bachelor of Arts in Anthropology (AB ANTHRO) program includes intensive coursework and fieldwork designed to equip students with cross-cultural knowledge and skills in teaching, research and community development work/advocacy for indigenous peoples, and heritage preservation.
