## BACHELOR OF SCIENCE Interior Design

The Bachelor of Science in Interior Design (BS ID) readies its graduates to demonstrate critical and analytical thinking of the principles, philosophies and theoretical frameworks of the interior design discipline, and exhibit values and ethics of the interior design discipline in relation to health, safety, and public welfare.

This program enables graduates to be receptive to the needs and demands of society and acquire the capacity to integrate these into the social, economic, cultural and environmental aspects of nation-building for sustainable development.
